

WELCOME TO CASA MIYITO

Welcome to our home. We hope you will enjoy it as much as we do. Just a few things to keep in mind:

- 1) **PLEASE DO NOT PUT TOILET PAPER IN THE TOILET.** The septic system can't handle having paper flushed. Place a plastic bag in the small bathroom trash bin and place ALL toilet paper in there.
- 2) **Trash** can be tossed in the street at the corner of Corona and Emillio Caranza in the evening. As environmentally conscious folk it is painful to do this, but that is just how it is. And as you may suspect from the trash being thrown at the corner there is no recycling yet in Puerto Vallarta.
- 3) **Purified water** can be purchased at the local tiendas on Emillio Caranza street ½ block away, in gallon jugs and also larger quantities (just ask at the tiendas for the larger containers of water) There is also a big truck that comes by the house each morning that sells large jugs of purified water, just flag them down and they will even carry the large jugs to the door for you.
- 4) **Please Double-lock both front door and patio door** every time you leave the house and at night when you go to sleep. Also, be sure to have your keys with you when you leave the house as the door locks behind you (you still need to double-lock when leaving).
- 5) **Patio Door key** can be found on a heart shaped key chain hanging next to stove in kitchen if they are not in the patio door lock already. The key can be kept in patio door at all times on the inside of house. The doors can be opened most easily by unlocking the door, unlatching the doorstops and pulling up slightly on doors as you open them.
- 6) **Laundry Service** is available down the street on Aldama Street towards the ocean.
- 7) **Groceries** can be bought at the local tiendas down the street, at the corner of Emilio Caranza Street and Corona Street (they have freshly made tortillas every morning). A larger grocery store called "Rizzo" can be found down the hill past the artisan market downtown (just ask a local) There are two little fish stores also across from "Rizzo" grocery store, they sell fish until 2pm daily. A new butcher just opened up on Aldama street on your left towards the Malecon, they have fresh chicken and meat daily until around 2pm (excellent with some BBQ sauce or marinade on the grill).

- 8) **Additional Maid Service** can be arranged as desired through the house manager Guadalupe Amaral Joya phone # 222-1837. The additional cleaning fee will need to be paid directly to the house cleaner.
- 9) **Hot Water is limited** you may want to take showers before doing dishes.
- 10) **In Case Of Emergency** contact house manager **Guadalupe Amaral Joya** phone # 222-1837.
